Brilliant Function. Beautiful Design.

CYGNUS INCORPORATED

30” Medication Cabinet

MMS3020-6 shown with network lock.

CYGNUS INCORPORATED

Our medication boxes are available in many shapes and sizes and are available with keyed cam, spring locks or mechanical push-button or electronic keypad locks. Wood medication boxes are finished with WilsonArt laminate inside and out. Metal medication boxes are finished with a powder-coated, baked on appliance finish which can come in an antimicrobial finish. All medication boxes can be mounted with your charting or computing station or alone.

In addition to the basics our innovative designs are keeping up with the automated medication systems trend. We are your partner in medication safety with designs for McKesson envelopes.
